SANTA ANA, CALIFORNIA, MONDAY EVENING, NOVEMBER 6, 1911.

50 CENTS PER MONTH

## INAUGURATED PRESIDENT OF MEXICO

Francisco I. Madero Ascended  
Seat of Power Amid Pomp  
and Lavish Display

WAS CHEERED BY 20,000  
AS HE PROMISED PEACE

He Assured Peace for No More  
Than Three Months—He  
Is Beseet By Plots

MEXICO CITY, Nov. 6.—Lavish pomp and a gaudy display veneered the internal dissensions of this torn and disrupted country today, when Francisco I. Madero was inaugurated President with the glint of arms and the blare of trumpets. Thousands lined the streets to watch the presidential carriages pass.

No President of any country of the size of Mexico ever ascended the seat of power in the face of greater opposition. With alleged conspirators in three different plots against his person in prison, with General Bernardo Reyes, leader of an unsuccessful attempt to unseat him, exiled in San Antonio awaiting a propitious moment to let loose the dogs of civil war afresh, with Guatemala threatening war, with the National treasury bankrupt, Francisco I. Madero drove smilingly through gaily decorated streets, surrounded by thousands of troops, and beneath triumphal arches to the chamber of deputies, where the inauguration ceremonies occurred at noon today.

Seated in a carriage with the President were his brother, Gustavo, and several members of his cabinet. The inauguration address was delivered to 20,000 people who packed the square in front of the chamber, who wildly cheered Madero's promise for peace and quiet, for three months at least. The President said:

"I can not promise more than this, but you can rest assured I will do all in my power to fulfill my promise to promote the prosperity of Mexico, her glory among nations, and to give her what she needs most—peace."

At the conclusion of the address all the bands started the National anthems, the populace joining. They then disappeared to partake of a free banquet which the President had ordered prepared. Tonight a huge inaugural ball is scheduled to take place in the Governor's palace.

### ENGLAND DEMANDS ARMS FOR

CITIZENS IN MEXICO CITY. Nov. 6.—Alarmed by reports of violence attending the Zapatista revolution, and fearing the rebels might capture and loot Mexico City, the British government, through its consul here, today instructed English residents to demand arms for their protection from the Madero government. The instructions added that if arms were not forthcoming, England will provide them through the English consulate.

## PRISON BREAKING

### CONVICTS TO DIE

Federal Supreme Court Gives  
Decision Fatal to Finley  
and Oppenheimer

WASHINGTON, Nov. 6.—James W. Finley, a convict of Folsom prison, sentenced by the California Supreme court to the death penalty for assaulting R. J. Murphy in prison on December 29, 1904, must die, according to a decision made today by the Federal Supreme court.

The decision will apply to the case of Jake Y. Oppenheimer, who is under sentence of death at Folsom for a similar offense, and would also have applied to Manuel Quijada, who was recently stabbed to death by Oppenheimer in Folsom prison.

Finley and Oppenheimer led an attempt to break prison, in which Murphy, a guard, was attacked. Under the new state law this offense is punishable by death.

### Tasty Way of Cooking Liver

Take quantity of liver required, (calves for preference), cut in thin slices, dip into mixture of flour, pepper, salt and parsley (chopped fine), with a few mixed dried herbs; fill a pie dish, pour into this sufficient water to nearly cover, then slice potatoes and spread two or three layers over the top and cook in a slow oven for about one and a half hours. Serve very hot.

## Wife's Devoted Search Solves Murder Charge

OKLAHOMA CITY, Okla., Nov. 6.—Mrs. William Yoders, after an eleven-years' search, for a man whom her husband was convicted of murdering, was rewarded here today, when she established communication with A. J. Ten Eyck, of Paris, Texas. Ten Eyck declared that he was not only living but was coming to Oklahoma City to clear up the mystery.

The murder Yoders was convicted of, occurred in 1899 when a human head supposed to have been that of Ten Eyck was found floating down the Canadian river.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Tuesday;  
light northeast wind.

**Educators Tour**  
**State on Inspection Trip**  
LOS ANGELES, Nov. 6.—Benjamin Ide Wheeler, president of the University of California, accompanied by James K. Moffit, president of the Alumni association of the U. of C., who was appointed regent of that institution by Governor Hiram Johnson, are in Los Angeles. They are on a tour of inspection of the educational institutions of this state.

**Gen. Morgan Mansion**  
**To House Confederate Women**  
LEXINGTON, Ky., Nov. 6.—The colonial mansion, the former home of General John H. Morgan, was sold at public auction here Saturday to Mrs. Hermenia Johnson for \$15,000. The place will probably be purchased later by the Daughters of the Confederacy, to be used for old Confederate women.

**Civil War Veteran**  
**Suicides From Humiliation**  
LOS ANGELES, Nov. 6.—Humiliated by a four-months' sentence to jail on the charge of illicit liquor selling, James Matherby, aged 66, a Civil War veteran, today ended his life in the city jail by cutting his throat from ear to ear.

**Ulrich Acquitted of**  
**Assault on Booker Washington**  
NEW YORK, Nov. 6.—Henry Ulrich, who recently attacked and seriously beat the negro educator, Booker T. Washington, whom he alleged was prowling around his home here, and insulted his wife, was today acquitted of assault. Ulrich was freed by a vote of two of the three justices who sat in the case.

**Violent Hurricane**  
**Straws English Coast With Wrecks**  
LONDON, Nov. 6.—A violent hurricane which has been raging on the Atlantic did much damage yesterday. The coast is strewn with wreckage.

**Former Police Head Kern**  
**Goes to Patton for Two Years**  
LOS ANGELES, Nov. 6.—Edward Kern, former chief of the Los Angeles police force under the Harper administration, today was sentenced to two years in Patton insane asylum, by Judge Hutton, under the inebriate act, passed by the last legislature.

**Ginseng Tumblers—**  
**Hit By Chinese Revolution**  
MOUNT CARMEL, Ill., Nov. 6.—The Chinese revolution has knocked the bottom out of the ginseng market, exportations having fallen off to such an extent that farmers face heavy losses. Until yesterday ginseng sold for \$4.75 a pound, but the price dropped to \$3.50.

**English Unions May**  
**Strike for Recognition**  
LONDON, Nov. 6.—The joint executive committee of the railroad trade unions have determined that the unions should ballot on whether to accept the royal commission's report or strike for recognition of their unions. The ballots are returnable December 5.

**Nonsense**  
"Ernest Thompson Seton says it is wrong to feed cheese to skunks."

**Common Experience**  
Did you ever hear of piano practice being fatal?

"I've heard of its murdering time."

## TOOK SKIN FROM ARMS OF NINE TO PATCH ARMS OF ONE

Nine members of the Fraternal Brotherhood yesterday bared their arms while a physician snipped off patches of skin to be grafted on to the arm of their fraternity brother, Ben Carpenter.

Several weeks ago Carpenter was badly burned at the gas plant of the Southern Counties Gas Company, where he was an operator. The burns on his face healed without much trouble, but the burns on the upper part of one arm refused to heal. Carpenter's physician concluded

## TURKEY APPEALS TO UNITED STATES SANTA ANA'S RATE

Asks Intervention in Alleged  
Cruelties of Italy in  
Tripoli

CRUISER CHESTER SENT  
TO PROBE CONDITIONS

Rumors of Great Battle Raging  
in Tripoli With Turks in Re-  
prisal for Massacre

WASHINGTON, Nov. 6.—Intervention by the United States in the Tripoli War is asked by Turkey in a message laid before Acting Secretary of State Adee by the Turkish Ambassador today. The appeal was transmitted at once to President Taft and Secretary Knox, both of whom are away from the capital.

It is expected that the advice of the American government to the Sultan's from the signers of the Treaty of Berlin from these signers of the Treaty of Berlin.

**AMERICA WILL BE**  
**SLOW IN ACTION**  
WASHINGTON, Nov. 6.—The question of America intervening in the Turkish-Italian war to prevent Tripoli barbarities, has been put up to President Taft following Turkey's appeal for aid. Although Turkey's appeal took form of a practical demand in the name of humanity to stop atrocities, it is believed America will be slow to act.

The State Department hesitates to interfere in a European situation until the powers directly interested see fit to take action.

**Cruiser Chester Dispatched**  
WASHINGTON, Nov. 6.—The cruiser Chester left Malta today for Tripoli where the commander will investigate the charges of barbarous treatment of Turks, made against Italy. The State Department is silent, but it is believed the dispatching of the cruiser is a direct result of the appeal made by Turkey to America.

**ITALY WOULD LIKE TO**  
**DROP TRIPOLI MATTER**  
NICE, France, Nov. 6.—Advices from Rome today indicate that the Italian government would be glad to drop Tripoli if she could leave there with her honor unscathed. It is feared here by many that if the real facts concerning Tripoli became known to Italy, not only the cabinet but the throne itself would be endangered.

It is known fresh reinforcements of 20,000 troops are secretly being assembled at Naples to reinforce the Tripoli army, and that as soon as the hurried mobilization is completed they will be rushed to the aid of Italian soldiers there. This is taken as an indication that Italy fears she will not be able to hold the city with the present defense.

It is generally reported that General Frusconi has been chosen to succeed General Canova as head of the Tripoli army, and this is generally credited. Just what is actually occurring in Tripoli is unknown, but the latest accounts from there state that a fierce artillery engagement is raging inside the town, and that the Turks and Arabs have surrounded the Italians on every side and are butchering them in revenge for a massacre charged to the Italian troops.

**TRIP ACROSS SEA**  
**ABANDONED FOR**  
**THE YEAR OF 1912**

ATLANTIC CITY, N. J., Nov. 6.—The trial of the dirigible airship, Akron, Saturday convinced Melvin Vaniman and his backers that a trip across the ocean is not practicable and so it will not be attempted, at least this year. The five knot breeze swept the Akron from her course and Vaniman was compelled to descend upon a sandbar.

So lacking in buoyancy did the Akron prove that it was found necessary to part with the lifeboat, the third pair of propellers and the wireless dynamo. It was even found impossible to carry the entire crew.

that skin-grafting must be resorted to, and as a result there gathered at Carpenter's home at 1003 North Flower street nine members of the Fraternal Brotherhood, and from their arms bits of skin were taken and placed upon the wound on Carpenter's arm. Those nine members were Geo. Ketcher, Geo. Fleishman, L. M. Stevens, C. L. Beagle, Park Ash, C. E. Holmes, Fred Mitchell, James Ryar and L. F. Harvey.

Sixty points of skin were taken from the nine well arms and placed upon the wounded arm.

Gas Company Says That \$1 Is  
Unjust and It Wants More  
Real Money

ALLOWS ORANGE  
SOME REDUCTION

Effort Soon to Be Made to Get  
Change From the Pres-  
ent Rate

An attempt will be made to raise the price of gas in Santa Ana. That is announcement enough to make most Santa Anans sit up and take notice. The present rate is \$1 per 1000 cubic feet. That has been the rate here for years. The Southern Counties Gas Company wants more.

The statement that the company will seek to get a higher rate is contained in a letter to a committee of the City Trustees of Orange. Since Orange is supplied by pipeline from Santa Ana, Orange thought it unfair that the same gas plant that furnishes Santa Ana for \$1 should charge Orange \$1.50. The gas company has agreed to a reduction at Orange, a kind of double-barrelled reduction. To those who pay their bills at the office before the tenth of each month the rate shall be \$1.25, and for those who make it necessary for a collector to go forth the rate shall be \$1.40.

The communication to the Orange committee follows:

Los Angeles, November 3, 1911. Messrs. Brown and Smith, Committee on Gas, Orange, California: Gentlemen—Referring to our recent discussions regarding rates for gas in Orange, we respectfully submit the following statement of facts:

We have gone into the matter fully and from all points of view our figures show that the Southern Counties Gas Company cannot furnish gas to its customers in Orange for less than \$1.25 net per thousand cubic feet, and can only supply it at that rate when bills are paid promptly when due at the company's office. If the company is put to the expense of sending a collector to the consumers it cannot afford to sell gas for less than \$1.40 per thousand.

The price of gas in Santa Ana was brought up in our conference, and was used as a reason why the Orange consumers were dissatisfied with the price they were being charged. In that connection, we wish to state that while the company has 1682 meters supplying some 3,000,000 cubic feet per annum of gas in Santa Ana, it has less than 400 meters supplying about 600,000 cubic feet per annum in Orange. We would also state that the present rate at Santa Ana is not a just rate, and that our company is suffering a loss thereby, and it is our purpose to soon make an effort to have the rate at Santa Ana raised to a proper and reasonable figure. Considering these facts, and that it costs nearly as much to deliver the 600,000 cubic feet in Orange as it does the 3,000,000 cubic feet in Santa Ana, as far as a general expense is concerned, and considering the sparsely settled district through which our mains run, it must be evident that the relative price of gas in Orange, compared with that in Santa Ana, is well within reason.

The company has decided to reduce the price of gas in Orange from \$1.50 per thousand to \$1.25 per thousand cubic feet, providing gas bills are paid at the office, on or before the tenth of each month, and in cases where the bills are not paid at the office within the stated time, the price shall be \$1.40.

Very respectfully,  
SOUTHERN COUNTIES GAS CO.  
By Frank Petersen, Acting General Manager.

**WESTERN APPLES WIN PRIZES**  
NEW YORK, Nov. 6.—The prize of \$500 offered by President Eliot of the Northern Pacific Railroad for the best apples grown anywhere in the world, was won yesterday afternoon at the land show in Madison Square Garden by Ella D. Sovla of Poppinrich, Washington, and the same apples took the \$200 cup offered by the Northwestern States.

## BIG RETURNS ON REGISTER ADVERTISING

What do you know about this for results from Register advertising?  
Mr. Peters, a hose dealer at 174 Lyon street told the Register today that he had sold over a hundred hoses during the last two months through his little "for sale" ads in the Register.  
If the profits average only \$10 per horse that's over \$1000 returns on an advertising investment of not to exceed \$10. Going some, eh?  
\*\*\*\*\*

## NATIONAL CAR WINS THE PHOENIX RACE

Harvey Herrick Again Leads In Wild  
Run Across Arizona Desert—  
Franklin Second

HUNDREDS SAW  
PASS SANTA ANA

Streets Crowded Until Well  
After Midnight—Time  
Taken Here

All along the course in this county people were gathered in the middle of the night Saturday night to see the racer-automobiles go through. Every country crossing had its crowd, and every stretch of straight road had its gathering to see the cars go by at top speed.

On North Main street north of tenth street a large crowd gathered. The people swarmed out into the streets and undoubtedly caused several of the drivers to slow down where they should have been going their fastest. Looking ahead, the drivers would see a crowd, and not knowing but what some car was wrecked in front the natural inclination was to slow down. All of the drivers did not slow down, however, for some of them, notably the Fiat, driven by Teddy Tetlaiff, the former Orange boy, came down at tremendous speed. The Fiat was spitting fire like a demon of mythology.

At most of the crossings the police and members of Company L, who were out on patrol, had little trouble. At one crossing a by-stander got into a dispute with a guardsman, and was attempting to take the gun away when Capt. Elm arrived. At another crossing an automobilist attempted to get out on the course, and refused to stop when ordered. The guardsman jabbed a bayonet into a tire, and the automobile stopped.

The guardsmen did excellent service. They had their orders and followed them. Private Chaffee, who bayoneted the automobile tire, was following orders.

The cars were timed in front of the Main Garage at the corner of Third and Main streets.

The Pope-Hartford was the first car through, but it met disaster at the first street turn. The car's front wheels were weak from a twist near Whittier, and gave way at the turn. The car went up on the sidewalk. Hundreds went to the place to see the machine, and it was with difficulty that the police kept the corner cleared. Tremaine, the driver, telephoned to the starting place in Los Angeles, where the last of the cars was still to leave, and a pair of wheels were sent down. These wheels would not fit, and Tremaine rode back to Los Angeles in the relief car and got wheels. The machine was taken to the Guarantee Garage and later to the Congdon Garage, where a rear wheel was strengthened with steel. The steering-gear was out of whack, and it was not until a new steering-knuckle was borrowed from the Pope-Hartford owned by House of Tustin was the car in shape to go on.

It got away at 11:15 yesterday morning. It was the first car here, and the last to leave.

All the other cars went through in good shape except the Cadillac. The Stoddard-Dayton had a close shave at the first street turn. It missed the south curb by not over six inches.

The Cadillac was slow in getting here. The gasoline feed pipe was broken near Fullerton. That caused much delay. After reaching El Toro, the water pipe was broken, and the Cadillac was turned back to Santa Ana. A rod of the hood that had jarred loose was responsible for both mishaps. The Cadillac was repaired at the Cadillac Garage and went on at 10:24 yesterday morning.

The time of arrival in Santa Ana of all of the sixteen cars follows:

No. 2—Pope-Hartford, 11:42; time of leaving, 10:50; elapsed time, 52 min.  
No. 1—Maxwell, 11:44; time of leaving, 10:45; elapsed time, 1 hr. 1 min.  
No. 4—Stoddard-Dayton, 11:56½; time of leaving, 11:00; elapsed time, 56½ min.  
No. 3—Franklin, 11:59½; time of leaving, 10:55; elapsed time, 1 hr. 4½ min.  
No. 6—E.M.F., 12:15½; time of leaving, 11:00; elapsed time, 1 hr. 5½ min.  
No. 8—Mercer, 12:19½; time of leaving, 11:20; elapsed time, 59 min.  
No. 9—Cole, 12:20½; time of leaving, 11:25; elapsed time, 54½ min.  
No. 11—National, 12:22½; time of leaving, 11:35; elapsed time, 47½ min.  
No. 7—Flanders, 12:29½; time of leaving, 11:15; elapsed time, 1 hour, 14½ min.  
No. 13—Fiat, 12:32; time of leaving, 11:45; elapsed time, 47 min.  
No. 10—Case, 12:42½; time of leaving, 11:30; elapsed time, 1 hour, 12½ min.  
No. 12—Buick, 12:43; time of leaving, 11:40; elapsed time, 1 hour 3 min.  
No. 14—Midland, 12:50; time of

THREE CARS ARE  
AT DESTINATION

They Arrived in Close Order  
After Long Dash From  
Los Angeles

PHOENIX, Ariz., Nov. 6.—Outdistancing all other dare-devils in the mad dash across the dusty Arizona desert, Harvey Herrick, driving a National car, this afternoon raced into Phoenix, winner of the Los Angeles-Phoenix road race, capturing the first prize of \$9000. He was closely followed by Frank Hamlin in a Franklin car, and Roger Stearns in a Stoddard-Dayton, the latter finishing in the order named.

### RUN TO YUMA BY

DESERT RACE LEADERS  
YUMA, Ariz., Nov. 6.—The leaders in the great fifth annual Los Angeles to Phoenix automobile race arrived at Yuma, the first control of the contest, yesterday as follows:

National, Harvey Herrick, driver, 11:49 a. m.; Stoddard-Dayton, Roger Stearns, driver, 11:59; Mercer, Harris Hanshue, driver, 12:56 p. m.; Franklin, Ralph Hamlin, driver, 1:24; Buick, Louis Nikrent, driver, 1:53; Midland, 2:49; Flanders, George Soules, driver, 3:58; Maxwell, Clarence Smith, driver, 4:47; Buick, W. Ferguson, driver, 5:35; E.M.-F., Bill LaCasse, driver, 6:15; Cole, Johnny Jenkins, driver, 9:17.

The running time of the cars from Los Angeles to Yuma is as follows: National, 12 hours 14 minutes; Stoddard-Dayton, 12 hours 55 minutes; Mercer, 13 hours 45 minutes; Franklin, 14 hours 15 minutes; Buick No. 12, 14 hours 31 minutes; Midland, 14 hours, 59 minutes; Flanders, 16 hours 43 minutes; Maxwell, 17 hours 10 minutes; Buick No. 16, 17 hours 35 minutes; E.M.-F., 18 hours 5 minutes; Cole No. 9, 21 hours 47 minutes.

### HERRICK'S GREAT RUN TO

YUMA OVER BAD ROADS  
Harvey Herrick, winner of the recent Santa Monica road race and winner of the 1910 Los Angeles to Phoenix desert race, pulled into the Yuma control at 11:49 o'clock yesterday morning after a sensational run from Los Angeles of twelve hours and fourteen minutes over the worst roads known to automobilists and a distance of more than three hundred miles.

The drive of the National was sensational and featured by the fact that Herrick did not once stop the car for mechanical or tire trouble. His time to San Diego and his run to El Centro, with the spurt across the Mexican territory, to Yuma, have netted him \$2000, providing, of course, that he finishes the race to Phoenix. Herrick's time to El Centro was 8 hours and 57 minutes.

**Some Happenings on the Way**  
The cars were badly battered on reaching Yuma. The Maxwell turned turtle twice in Spring Valley, near San Diego, pinning Clarence Smith under the car. Smith was badly weakened but stayed with his car. Earl Fancher, mechanic of this car, was sent back to San Diego with two broken ribs.

The Pope-Hartford had a broken wheel at Santa Ana. Teddy Tetlaiff, making fast time in the Fiat, crashed into a telegraph pole in Spring Valley, as he made a turn, and wrecked his car. Bramlette, in the Cadillac, had to return to Santa Ana for repairs after breaking the gasoline pipe of the car tank, but pushed on to Yuma.

leaving, 11:50; elapsed time, 1 hour, ½ min.  
No. 5—Cadillac, 1:08; time of leaving, 11:05; elapsed time, 2 hours, 3 min. (Engine trouble.)  
No. 16—Bisbee Buick, 2:45; time of leaving, 11:55; elapsed time 2 hours, 50 min.  
No. 15—Lexington, 8:30; time of leaving, 12:00; elapsed time, 8 hours, 30 min.

**Hamburg Steak Soup**  
Have lean beef hamburger and place on a stove with cold water. Boil three-quarters to one hour only. Nice with rice and carrots, or rice only, also served as vegetable soup. Vegetables must be put in at once with the hamburger, as they will be done together. Season to taste. Quickly done and precisely the same as the other soups. Nice also for supper to put the little ones to sleep on.

## PEKIN TAKEN YESTERDAY BY REBELS

Revolutionists Took City After  
Hard Fight—Emperor and  
Regent Escaped

HONGKONG CELEBRATED  
CHINESE CAPITAL'S FALL

Rebels Take Amoy; Anarchy  
Reigns; Wu Ting Fang Is  
Foreign Secretary

VANCOUVER, B. C., Nov. 6.—According to a cable to a Chinese daily paper, the rebels captured Peking yesterday after twelve hours of fighting. The cable was to Tai Hon Yet Bo here, and has evidently been duplicated in all rebel papers on the continent.

After fighting in the streets had raged all morning, it is reported that the Manchus fled from the city. "All is peaceful," is the last word of the cablegram, which the local Chinese take to mean that the capture of the place was made without heavy bloodshed.

VANCOUVER, Nov. 6.—Other cablegrams were received from Hong-kong and Shanghai. One cable says: "Revolutionaries captured Peking after a hard fight. The Prince was taken prisoner, but the Regent and Emperor escaped by flight."

The Hong-kong cable says: "The news that Peking has been captured by the revolutionaries has been received here, and all night long there has been a great celebration."

### AMOY DISTRICT TAKEN BY

REBELS—IS IN ANARCHY  
WASHINGTON, D. C., Nov. 6.—The State Department dispatches today say that the rebels have captured Amoy, China, and that the entire district is in a state of anarchy.

### STABILITY OF GOVERNMENT

ASSURED BY WU TING FANG  
CHANGHAI, Nov. 6.—Permanence and stability of the Chinese provisional government as proposed by Li Yuan Heng, recently proclaimed president of the Han Republic, was indicated today with the announcement Wu Ting Fang, former American Minister, has accepted the post of the foreign secretaryship under the new regime.

Wu Tsung Yao, one of the most prominent men in the empire has been offered the place of Wu's first assistant.

## ONE JUROR TAKEN ON--ONE EXCUSED

Wm. F. Clark Accepted By  
Both Sides; Manning's  
Health Failing

LOS ANGELES, Nov. 6.—Substantial progress was made today in the McNamara murder trial. Both sides passed for cause William F. Clark, a retired undertaker and Grand Army veteran, and it is certain that unless the detectives who are looking him up for both sides, develop something unexpectedly he will remain on the permanent jury.

Seaborn Manning, the veteran rancher who has been regarded as the only man in the box who was certain to survive a peremptory challenge but whose health is breaking down through confinement has been excused by Judge Bordwell today.

The defense scored heavily this morning, when Judge Bordwell overruled the bitterly expressed protests of District Attorney Fredericks and excused W. H. Andrews, former ranch manager for General Otis, who admitted a strong prejudice to the unions because they countenanced strikes. Fredericks insisted that his answers proved conclusively he would be a fair, unprejudiced juror but Judge Bordwell ruled that he answered certain questions two ways and there was an element of doubt in his case, the benefit of which should be given the defense.

### Facts and Conclusions

Church—When tapped eight feet from the ground a rubber tree fifteen inches in diameters yields three pints of sap.  
Gotham—But when you see a man over in Brooklyn dodging around a corner with a pail, with foam running over the edges, don't conclude that he's been stabbing a rubber tree.—Yonkers Statesman.

## DEDICATION OF LUTHERAN CHURCH

Services for Dedication of New Edifice Were Impressive and Well Attended

The Lutheran church which is located at the corner of Brown and Sixth street was completed last week and was dedicated and opened for services yesterday. The services, which were conducted both in the morning and afternoon were largely attended, in fact seats had to be provided for the outside.

The morning services were opened with a song which the congregation sang in front of the church. Following this, the Rev. G. Schaefer from Anaheim delivered an impressive address, in which he related the history of the newly organized congregation. After this address, the Rev. H. E. Michel, the local pastor, opened the church in the name of the Triune God, whereupon the congregation entered the church.

The services in the church were conducted by the Rev. J. Kogler from Orange, who selected as his text the 84th Psalm, his theme being: "How Amiable are Thy Tabernacles, O Lord of Hosts!"

The Ladies' Aid Society furnished a very elaborate lunch which was appreciated by all who had the pleasure of partaking of it.

The afternoon services were conducted by the Rev. G. Miegler from Olive, whose text was the 50th Psalm.

The speaker showed in a very impressive manner "the two great vows which a congregation takes upon itself at the dedication of their church." The service was beautiful with a selection rendered by the Orange church choir, under the able leadership of Prof. Battermann.

The new church thus formally opened yesterday will hereafter be open for services each Sunday, church services being held at 10:30 o'clock with Sunday school convening at 10 o'clock.

### To Embroider New Linen

New linen for working upon should be rubbed over with soap, this will render the fabric soft, so that drawing threads or embroidering on it will be much facilitated.—National Magazine.

## A MERRY SEND-OFF FOR THE NEWLY-WEDS

ANAHEIM, Nov. 3.—Robert Jefferson Ray of this city who was married to Miss Grace Darling of Redlands, in Los Angeles yesterday received a warm greeting when the two reached Fullerton for a number of Ray's friends boarded the San Diego train at that point and rode the three miles back to Anaheim with the young married couple. They not only congratulated the "newly weds" but distributed among the passengers on the train the following printed notice: Fellow passengers—We entrust to your care this young couple, Mr. and Mrs. Robert Jefferson Ray, who are journeying to San Diego on their honeymoon. They are subject to spasmodic fits of insanity, but are safe to handle. Be kind to them—and try to make their trip an interesting one.

## AVIATION MEET BEING PLANNED

Dominguez Field May Be the Scene of Record Breaking in January, 1912

Los Angeles Tribune: Ambitious plans for the holding of a record-breaking aviation meet at Dominguez field in January, 1912, are now teeming in the minds of officials of the Aero club of California, not the least feature of which is to be a 150-mile cross-country race to be held the last day of the ten-day meet, which will be officially known as the "Southern California circuit." It is probable that some twenty-five entrants will be secured for this race.

Application has already been made to the Aero club of America for official sanction to hold the meet. As Dominguez field was the scene of the first great semi-international aviation meet in this country, there is small doubt that the official sanction will be forthcoming. January 20 to 29 will likely be the dates chosen.

### Mile Races Daily

Showing the extent of the plans being materialized for the meet, it is announced that efforts will be made to secure a naval aeroplane gun and demonstrate its usefulness during the meet. There will also be daily racing over a mile course. An aerial post-office service will be established between Dominguez and this city if the co-operation of the postal officials can be secured. A free-for-all race for women aviators is also scheduled. Aviators of American and European repute will be secured in addition to those holding membership in the Aero club of California. Efforts will also be made to secure a duplicate of the Wright Brothers' latest invention, the motorless aeroplane.

### Amusing Feature Planned

One of the amusing features of the meet will be a number of balancing machines, which are pivoted in the center and equipped with fore and aft and lateral controls. These controls are worked by levers, much as in aeroplanes, and when a strong wind is blowing, the novice can sit in the balancing machine and maintain his balance much as though he were in actual flight. The antics of novices in attempting to maintain their balance in these machines are said to be ludicrous in the extreme.

The route for the 150-mile "Southern California circuit," as tentatively arranged, calls for a start from the aviation field, with Pasadena as the first "control," thence to Monrovia, San Bernardino, Redlands, Riverside, Santa Ana, Whittier and return to Los Angeles. The flyers will be allowed to land at any of these towns for supplies, the winner of the race being the flyer who makes the circuit in the best time.

## MARTIN'S OLD HOME TOWN IS THRILLED

Santa Ana Does Great Flying at Salina, Kan.—Ships This Week

Glenn L. Martin gave his old home town of Salina, Kas., the greatest thrills it ever experienced. Saturday Martin went up in his biplane for three big flights. On one of them, he was over the city for twenty-five minutes, rose to a height of 3000 feet, shut off his motor and sailed down to a safe landing. A spiral dip and an ocean wave dip set Salina to yelling. Martin will ship his biplane to Santa Ana either tomorrow or Wednesday, and he will be home soon.

## RIVERSIDE SKEPTICAL ABOUT TROLLEY LINES

Riverside Press: It would appear that some of the dispatches that were recently sent out regarding the prospects of trolley extensions in Orange County were hardly justified by any statements made by the Pacific Electric people. It was reported that Manager Shoup had stated that within a few months connection would be made from La Habra to Fullerton and Anaheim and from there to the coast. That would insure direct trolley connections from Riverside to Newport and Huntington Beach as soon as the La Habra line was extended to Corona and Riverside. It turns out, however, that what Mr. Shoup actually said at the meeting of the associated chambers of commerce was:

"We have notions in mind—notions are not always plans—that will work into plans that practically mean that every community represented here today will be connected by the Pacific Electric trolley system at a date not very far in the future."

This is not quite so exhilarating; and it looks as if we might still have to wait some little time before we can go to the Orange County beaches by trolley.

### Tallest of Trees

In New South Wales, Victoria and Tasmania, grows a species of gum tree, which probably represents the tallest of all trees of the globe. The loftiest specimen of this tree yet measured towers to the height of 471 feet. A prostrate tree, measured in Victoria, was 420 feet long and the distance from the roots to the lowest branch was 295 feet. At that point the trunk was four feet in diameter and 360 feet from the butt the diameter was still three feet. The wood of this tree is hard and of good quality, it grows quickly, and yields a great quantity of volatile oil from its leaves, which are very abundant.

Dr. H. M. Robertson, Physician and Surgeon. Office Cor. Third and Main, opposite City Hall. Both Phones.

## HOUSTON HAS BOUGHT BUSINESS IN ORANGE

W. E. Houston, who for several years has been one of the leading electricians of Santa Ana, has bought the C. O. Heim stock of gas and electrical goods in Orange and is now located on the plaza with a big stock of goods and is doing a good business. He is closing out his newly acquired stock of gas fixtures, but will continue to handle electrical fixtures and do all kinds of electrical work.

### Piles Cured in 6 to 14 Days

Your druggist will refund money if Pazo Ointment fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

## TELLS ABOUT THE CIGARETTE BOY

State Superintendent of Public Instruction Hyatt has just issued a bulletin to the teachers and school officers of the state under the title of "The Cigarette Boy." It undertakes to give some fresh California material to aid the schools in teaching the effects of narcotics, as required by law. This bulletin is the first of a series of quarterly publications authorized by the last legislature at the request of the Woman's Christian Temperance Union.

"The Cigarette Boy" is reasonable and moderate in tone. It offers such arguments as a father who smokes would be likely to use in persuading his son to abstain. It contains a letter from the State Superintendent to the boys of California, urging them to refrain from the tobacco habit until they are grown; half a dozen expressions of opinion from well-known speakers and writers of the state; and some special and original articles upon the actual effects of cigarettes upon the boys who are committed to the reform schools, upon the boys in the public schools, and upon the boys who become confirmed smokers.

### GIVING OUT

The Struggle Discourages Many a Citizen of Santa Ana

Around all day with an aching back;

Can't rest at night;

Enough to make one "give out."

Doan's Kidney Pills have given renewed life to thousands.

They are for kidney backache;

For other kidney ills.

Here is convincing proof of their worth.

P. B. Chapin, Santa Ana, Calif., says: "About six years ago I was almost helpless as the result of backache and other symptoms of kidney complaint. The pains in my loins were so severe that it was almost impossible for me to straighten after stooping. Having Doan's Kidney Pills recommended to me, I procured a supply and their use effected a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## RAILROAD MEN VIEW THE BAY

P. E. Officials Visited Newport  
—Beach Town Wants  
Outfall to Ocean

Newport News: A special car containing Vice President Paul Shoup, General Manager J. McMillan, Chief Engineer Pillsbury, Assistant Chief Engineer Johnson, Land Agent Geo. L. Bugbee and Traffic Manager D. W. Pontius arrived in this city at 10 a. m. today and in company with Councilman Martin Betkowski of Los Angeles, W. W. Wilson, E. J. Louis, J. Greeley, Lew H. Wallace, C. D. McNeill, J. Ferguson, F. W. Beckwith, J. S. Bowen, C. H. Collins, Albert S. Barnes, F. W. Harding, C. E. Groat and W. A. Cornelius made the tour of inspection of Newport bay in the launch Ysidora. A trip was made to the upper bay and to the entrance at Rocky Point. The site for the proposed new central school building on land belonging to the company was also visited. Orders were given by Mr. Shoup to have a passenger station erected at East Newport. The officials visited the S. P. depot to devise plans to make a joint agency here between the S. P. and P. E. roads. Other matters discussed were the dredging of a channel along the company property between Newport and East Newport and the construction of a jetty at the entrance of the bay. Lunch was served at Gray's restaurant at Balboa after which the party returned to Los Angeles by way of Long Beach. John Meurs has purchased a lot on Main street, Balboa, between the hotel and Harding block and is contemplating moving his big building at East Newport on to the property and using part of the first floor to run a meat market in.

A flock of white brants alighted among Arthur Lott's decoys on the upper bay Thursday and he repaid them for their curiosity by bringing home four of them.

Rev. W. S. Stewart of Rochester, N. Y., is the new minister in the local Baptist church. He is living in Elmer Burns' house on 28th street.

Jake Souder and Chas. Schwalli hauled some good sized crowds to San Pedro this week to see the Pacific fleet.

The city of Santa Ana through its board of trustees has at last come to a sensible conclusion in the sewer matter and will probably hold a special election to vote bonds for an outfall sewer. Now it would be still better if the city of Newport Beach could get in on the deal and the two cities co-operate by building and using the same outfall and have it built at the

entrance of Newport Bay so as to form a jetty over the bar. It begins to look like old times on the wharf again to see the numbers of big mackerel, bass and yellowtail that are brought in daily. Several big sea bass weighing about 40 pounds each as well as a dozen or fifteen yellowtail have been landed on the wharf the past week. There are also myriads of king-fish and tom cod but they are not very highly prized by the fishermen, being too hard to catch.

### MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here is a Common-sense Safeguard

—Big, strong man is as a helpless infant when he is suddenly ill. The sturdy chap in town usually loses his self-control, and is utterly unable to regard his condition with the common sense that characterizes his every-day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets might have given him relief—might have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after each heavy meal, and ward off indigestion.

Rexall Dyspepsia Tablets relieve stomach troubles by aiding nature to supply those elements, the absence of which in gastric juices, causes indigestion and dyspepsia. They tend to aid the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail, we will refund your money.

Three sizes, 25 cents, 50 cents, and \$1.00. Sold only at our stores or by mail. Remember you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Dean's Drug Store, 104 West Fourth street.

Second Fiddle  
The Vicar—Certainly, I will call upon your daughter if she is so very ill. But which church do you attend?

The Caller—We don't go to no church—we're chapel people.  
The Vicar—Then why don't you send for your minister?

The Caller—Lor! We wouldn't risk 'im! Why, it's scarlet fever!—The Sketch.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

## SALOON KEEPERS PAY HIGHEST RATE FOR INSURANCE

A young insurance writer was enthusiastic about his month's business.

"Why, I've written \$400,000 worth of insurance this month, including eight saloon-keepers!"

"Is writing insurance for saloon-keepers such an extraordinary feat?"

"Well, I should say! They belong to the most hazardous class of risk we take—consequently we rate them up eight years."

"What do you mean by 'rating up' eight years?"

"Suppose, for example, that a saloon-keeper is thirty-two years old. We charge him the rate of forty years, which greatly increases his rate of payment."

"It doesn't seem as if the saloon-keepers would like to be discriminated against in that way."

"Huh, most of them are glad to get in on most any terms. Many of the old line companies won't accept them under any circumstances—the risk's considered too great."

"Why?"

"Well, they're a dangerous calling which brings them in contact with dangerous associates. They're continuously liable to bodily injury, and the temptation to drink and all that."

Only last week we had to pay out two policies on saloon-keepers. One was shot, as he stood behind his bar; the other left his place of business 'soaked,' wandered on the inter-urban tracks, was struck and ground to pieces by a car. That meant the company had to hand over a lot of money."

"Do you ever 'rate up' any other callings?"

"Oh, yes—structural steel workers, electric linemen, and such like. But our company does its highest rating up on saloon-keepers."

Do not these statements made from a cold-blooded business viewpoint speak eloquently against intemperance?—Selected.

### REPORT OF SPANISH MISSION RECEIVED

The report of E. J. Vasquez, pastor of the Spanish Mission of Santa Ana, for the months of August, September and October follows:

Number of meetings for the three months: Sundays at chapel, 39; other days, 12; other places, 12.

Attendance at meetings: Sunday preaching, greatest number, 50; smallest, 24; Sunday school, greatest number, 45; smallest, 24; C. E. Society, greatest number, 30; smallest, 18; prayer meeting, greatest number, 40; smallest, 20.

Collection for the three months: For pastor's salary, \$30; for rent of the chapel, \$19.50; Sunday school, \$11; C. E. Society, \$10; total, \$70.50.

"Such being the case, madam, don't you think you'd better have an old, experienced fowl?"—Louisville Courier-Journal.

Physiologists Disagree  
There are few persons who realize how greatly physiologists are at variance in their estimate of the actual work performed by the Liver. While all agree that it is the largest and one of the very important glands of the body, when it comes to the question of the actual work performed, there seems to be a wide diversity of opinion.

Practically all are agreed, however, that the principal work of the Liver is the separation of such materials contained in the body as might exert a poisonous influence upon the body unless thrown off.

Rexall Liver Salts has been produced with the idea of assisting the torpid Liver to perform its proper functions in a proper manner, and the success which has attended the treatment leads us to recommend this preparation to you.

If your case is not properly benefited, we will refund all money you may have paid us for the remedy.

In two sizes, 25c and 50c. Dean's Drug Store. The Rexall Drug Store.

## RODGERS CROSSES CONTINENT IN AIR

Greeted at Pasadena By 15,000; Not Sure Where He Will Touch the Sea

PASADENA, Nov. 6.—Aviator Rodgers arose late this morning and shortly before noon journeyed to Tournament Park, where his battered biplane is quartered, to test several parts that were greatly weakened during his flight yesterday.

It is announced that no decision regarding the beach town at which the transcontinental journey will be completed, has been reached by Rodgers, and it is certain his flight will not be continued today. The aviator had a hard time escaping from scores of women, who congregated about his hotel, and who were determined to lionize him. Finally he left the hostility by a rear entrance and made a run for a waiting automobile.

FOWLER FLEW 204 MILES YESTERDAY—

HALTED NEAR EL PASO  
EL PASO, Tex., Nov. 6.—Aviator Fowler was compelled to land fifteen miles west of here at 1:40 p. m. yesterday on account of engine trouble, after having made a flight of 204 miles. He left Douglas, Ariz., at 8:30 yesterday morning and stayed in the air two hours and four minutes, descending at Hachita, N. M., at 10:34 for supplies.

Resuming his flight at 12:05, he made fast time until compelled to descend. Fowler said today's trip was the hardest he had ever experienced, as the most of his flight was in a heavy fog through which he could scarcely distinguish the railroad tracks from an altitude of 200 feet. The fog prevented him from knowing when he dropped through the air pits, which were numerous and which nearly caused his being driven into unseen hillsides several times.

ARRIVAL AT PASADENA CHEERED BY 1500 PEOPLE

PASADENA, Nov. 6.—Calbraith P. Rodgers, the aviator, dropped from an altitude of 2500 feet to his landing place at Pasadena at 4:08 o'clock yesterday afternoon in the presence of more than 15,000 spectators, completing a journey of 4231 miles from Sheephead Bay, New York since his start from there on Sept. 17, at 1:45 p. m. He made a dazzling descent in which he executed daring maneuvers, landing within a few feet of a sheet placed in Tournament Park to guide his descent. His reception was tumultuous far exceeding that accorded President Taft in his recent visit. He had flown from Banning during the day, leaving there at 12:03 and reaching Pomona at 2:23. At 3:30 he left Pomona for Pasadena.

Rodgers has flown 4231 miles in the actual flying time of 4924 minutes; was out 49 days, 24 of which were spent in the air. The other days he was kept down by weather or mishaps.

A royal reception was given him at Pasadena, a banquet awaiting him at the Maryland with Editor Armstrong of the Pasadena Daily News as host. Many beach cities are bidding for Rodgers' final touch at the sea.

Steamed Fruit Puddings  
Dissolve in one and one-half cups of milk, one even teaspoonful of soda, beat one egg light and add to the milk, put into it a pinch of salt and one heaping teaspoonful cream tar tar sifted with enough flour to make a not too stiff batter; grease five cups into which put a layer of apples, pears, peaches, strawberries, raspberries, cranberries (or any fruit in its season), cut fruit fine and fill cups two-thirds full; steam one hour and serve with the following sauce.

Place in a saucepan a piece of butter size of an egg, let it melt, then add one tablespoonful sifted flour, pinch of salt, one and one-half cups boiling water; let this boil up once, then add one cup sugar and flavor with lemon or vanilla according to fruit used.

Cream Corn  
Left-over corn on the cob should not be thrown away. Cut the corn from the cob and put it away in the refrigerator. At the next meal hour place it in a stew pan with sweet milk, thicken very slightly with a mixture of butter and flour made thin with a little of the milk, season to taste and serve in vegetable dish.

Helping Her Out  
"Have you a young chicken? I am rather green at cooking."  
"Such being the case, madam, don't you think you'd better have an old, experienced fowl?"—Louisville Courier-Journal.

## California: It's History and Romance

By JOHN S. McGROARTY

### BOOK that you will SIT UP NIGHTS to READ

It is a one-volume story of the most wonderful state in the world told in the language of a poet. Every phrase is a song; every statement is a fact. It thrills and thrills and thrills.

Eloquent, yet concise; beautiful, yet solid; fascinating, yet instructive; it contains all that is essential and is a portrayal of California by the Golden State's most gifted and best loved writer.

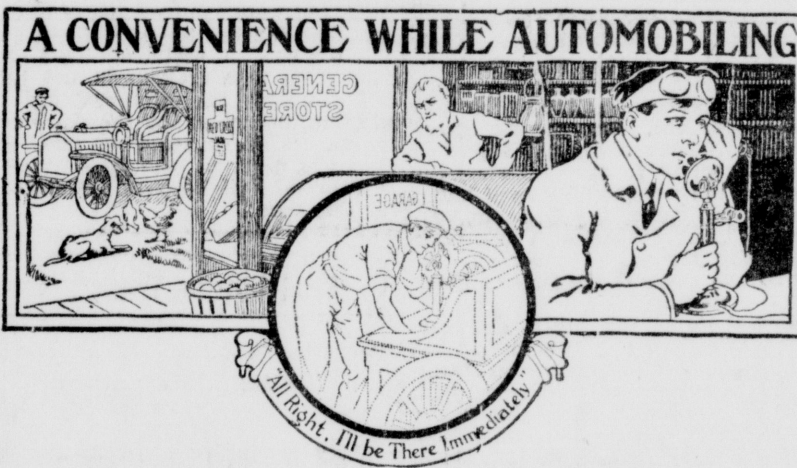

Adapted to youth, middle-aged and elderly persons alike, it meets the universal demand of all for a single-volume history of California. It is very valuable to the student, not only for the knowledge it contains but also as a study in word-painting and phraseology.

This work has been reviewed and passed upon by the most eminent historians and literary critics of California, to their complete satisfaction.

In one volume, thoroughly indexed, beautifully illustrated, splendidly bound and printed in good readable type, it is the most valuable book on the Holiday counter. Be sure that some member of your family receives it as a Christmas remembrance in order that it may have a place in your home.

Written by a Californian, published by a California House, it fulfills in every respect your choicest demand. Sold at all bookstores, or address

Call or phone Black 2132. All orders promptly delivered.

### OSTEOPATHY

It might be inferred from articles appearing in the Register under this head that osteopathy was only applicable in chronic diseases, this however, is not the case. Osteopathic treatment is equally successful in acute troubles. Headaches, eye, ear, nose and throat diseases when due to a lack of proper circulation of blood or an interrupted nerve supply, yield quickly to manipulation that restores these to normal—chest diseases, when not too far advanced for nature to restore the wasted tissues can be benefited, and in many instances cured. In these diseases the work of the osteopathic physician is to raise the ribs, expand the chest and free up the circulation of blood. The heart and lungs supply cannot work when crowded and held down by a flat, distorted chest wall. This is what the osteopaths call a mechanical obstruction to vital forces, and what could be more reasonable than to mechanically relax the contracted muscles and expand the chest. In diseases of the stomach, liver and bowels, we usually find an interrupted nerve supply, for the healthy action of these organs depend so much upon a free nerve supply. I believe the osteopathic school has added greatly to medical knowledge in this respect, for thousands of cases of stomach, liver and bowel troubles have been cured by this method when everything else had failed, and the reason is that the osteopaths have gone directly to the nerve centers in the spine and found the trouble and by removing it has set nature's forces free—and what a change in the general health when these organs begin to function properly—constipation gone, digestion good, the liver working regularly, throwing the bile into the bowels, to act as a natural laxative and disinfectant. This alone is enough to drive away headaches, rheumatism, bad breath, sour stomach, and a whole chain of symptoms that make life miserable.

Now we see why the osteopaths claim he does not treat the disease, but the thing that causes it. Just a word to those who are discouraged with trying to get well. Have you ever really had a thorough physical examination, to learn if there isn't some mechanical reason for your organs not working? Why not try it? I will be perfectly honest with you. If I cannot find the cause of your trouble, I will say so. I certainly do not want to take a case I cannot help.

There will be no charge for examination. My charges for treatment is \$2.00 for single treatments, \$10.00 to \$25.00 per month for chronic troubles, depending upon the requirements of the case, Home phone 291.

## FOR BETTER THINGS

Santa Ana is to be congratulated upon the prospect for better things in the theatrical line. The energy and enterprise and resourcefulness of the new manager of the Grand Opera House, Mr. N. A. Ulm are well known, and we may confidently expect the very best attractions and management the field will justify.

We believe it possible to demonstrate, by progressive methods on the part of Mr. Ulm and hearty support on the part of the public, that a first class, modern opera house can be made a financial as well as an artistic and a social success in Santa Ana, and that would lead to the remodeling of the Grand or the building of a new play house.

If anybody in Santa Ana can lay the foundation for such an enterprise, Mr. Ulm is the man, and the Register wishes him abundant success.

## ALL WOMEN SHOULD BE "PROGRESSIVES"

Three hundred thousand women are just entering the political arena of this state, where they will vote and do public and party service. It is possible that these new voters may show a little less partisanship than the men, but the chances are that the general line-up among the women will be very like that already existing among the men. However, we do not subscribe to the doctrine put forth by the antis in the late campaign that the women's vote merely doubles that of the men because "every woman will vote just as her husband tells her." About one-third of the women have no husbands and of the remainder a large percentage are entirely capable of independent judgment. In the long run there may be quite as many cases where wives influence husbands as where husbands influence wives.

When women come to study the political situation as it exists in this state—and many of them already have a thorough understanding of it—they will find that the difference between the two historic parties—Republican and Democratic—is by no means as great as the difference between the progressive and stand-pat, or reactionary, element in each party. As the Republican party is numerically strongest—nearly two to one—in the state and is in control of the state offices, this factional division is naturally most intense and of the most importance in that party.

California Outlook hopes and believes, that as the new voters who are inclined to the Republican party come to take their alignment within that organization, they will by an emphatic majority declare for the progressive view.

Many reasons contribute to this belief. At this time we shall deal with only one of these, which is the relation the progressives bore to the suffrage amendment.

The state primary of 1910 threw the machine or reactionary element of the party entirely out of power and left the progressives at the helm. In Los Angeles county the new movement was particularly strong, and the convention or assembly to choose delegates to the state gathering proved itself able to present a thoroughly up-to-date program without any taint of reaction adhering to it. As this was the opening gun of the county convention utterances, and as it came from the center of the most advanced progressive movement, state leaders looked to the platform to set the pace. A preliminary draft was prepared by a gathering that included Chester Rowell, E. A. Dickson, Meyer Lissner, Harley Brundage and Marshall Stimson, and it was subsequently passed upon and approved in all its details by Hiram W. Johnson, the candidate for governor.

This platform included a provision for a referendum on woman's suffrage. It may be that committees of women visited the convention and interviewed the platform committee, but as a matter of fact the proposed referendum was agreed to among the leaders to be presented to the convention, and furthermore it was also agreed that the Los Angeles platform should, in the main, form the basis for the state platform. It is true that there were in the progressive movement many who did not believe in woman suffrage, some of whom voted and even spoke against it; but they were unanimously of the opinion that the matter should be put up to the electorate for a vote.

And therein lies one of the vital differences in the point of view of the progressive and the reactionary. The former believes in the people and is entirely willing that any issue on

which a reasonable number of voters hold convictions should be put up for decision by general vote. The reactionary attitude, as shown over and over, is that the people are not to be trusted; and if the leaders do not themselves believe in the matter in question, it is their practice to suppress it.—California Outlook.

## PRESS COMMENT

Arbitration, it seems, is for the strong.—Milwaukee Journal.

There seem to have been touching scenes at the election of Senator Stephenson.—Boston Transcript.

"Champ Clark says he thinks Taft is hurting himself by talking." Clark knows how it is himself.—Richmond News Leader.

An evangelist says it costs \$545 to save a sinner in New York. Takes ten times that amount to convince one in Washington.—Wall Street Journal.

Mr. Rockefeller enthusiastically approves that hymn about the "Beautiful Isle." It does sound a good deal like oil.—Pittsburg Gazette-Times.

"A Chicago architect is said to have arrived at the conclusion, after careful study of the subject, that the Capitol at Washington can not last more than five hundred years." Colonel Bryan would better get a sprint on.—Richmond News Leader.

John D. Rockefeller is out with new advice. "Stick to one thing," he says. Most people find it pretty hard advice to follow, since John D. sticks to so much of the one thing that they can not get any of it to stick to.—Philadelphia North American.

Somewhere Mr. Taft is speaking.—New York American.

It will always be a source of comfort to Mr. Solicitor McCabe to know that he would have had Dr. Wiley ousted if a lot of fussy reformers hadn't butted in.—Kansas City Times.

## Our Washington Letter

WASHINGTON, Nov. 6.—"Clean up" is the slogan at the Capitol.

There are tippy-turvy, housecleaning scenes from end to end of the massive structure and it is a sure sign that Congress will soon be here. When congress adjourns at the end of a session a large force begins with promptness to dismantle the meeting rooms of the Senate and House. Their first function is to take up the carpets. The bare floors give the stately chambers, throughout the recess, a forlorn appearance. The carpets, meantime, have been cleaned and packed in moth balls. In the Senate, the desks of the vice-president and minor officials are given a solemn appearance by being draped with linen dusters. Every scrap of paper is removed and there is the general effect of a deserted house.

Now there is the bustle and confusion attending the work of placing the big rooms in order for the statesmen. The floors are littered with rolls of carpets, each bearing a tag designating its geographical location. The mahogany desks at both ends of the Capitol, dingy looking as a result of neglect since congress adjourned on August 22, are in the hands of polishers who make them shine like mirrors. An adornment in the minority room, the headquarters of the Democratic senators in the Senate Office Building, is a magnificent curtain at a big arched window, from the floor to the top of the arch is 25 feet and the window is nearly ten feet high. The inner side of the drapery is of green silk plush and the side turned to the street is a rich fabric of modest lavender hue.

The House restaurant is being completely rearranged and the ceilings ornately decorated. A number of the rooms of committees and members of both branches are undergoing redecoration and during the process the dusty furniture is stacked up in adjoining rooms. A large collection of discarded furniture fills a capacious circular room on the ground floor in the main line of travel. Just now there is much dirt and confusion but everything will be spick and span when congress meets on December 4.

When it comes to making money there's a modest brick building under the shadow of the Washington Monument that lays it over any old trust. It is officially known as the bureau of engraving and printing. It is Uncle Sam's factory for turning out national currency, national bank notes, postage stamps, internal revenue stamps, bonds and other things of value.

Director J. E. Ralph tells about them in his annual report to the Secretary of the Treasury. He tells about the production of 67,113,500 sheets of United States currency and 11,526,526 of national bank notes. Postage stamps ran up to 97,521,708 sheets, containing a total of nearly 10,945,735,207 stamps. Of the higher priced

for YOUNG MEN from \$15 to \$50. The best expression of the best American styles, \$15, \$18, and \$20. "Get the Habit" trading with W. A. Huff

Fashion Clothes

postage stamps there were 42,992 at \$1 each; 697,787 at 50 cents and 16,933,089 at 15 cents. The more common two-centers, with George Washington's likeness thereon, mounted up to an output of 5,130,249,018.

There were printed 84,011,264 sheets of revenue stamps, 65,000 sheets of United States and Panama bonds and so on in other hundreds of thousands and millions. A large demand is reported for postage stamps prepared in coils for use in stamp-vending and stamp-affixing machines.

In connection with an investigation by the Postoffice Department it became important for the Postmaster General to know how many postage stamps Ralph had on hand. A count was made that disclosed 1,311,319,607 stamps in the bureau vaults, and the number corresponded to the last one-cent stamp with the record in the books.

The count of postage stamps suggested a verification of all balances in the bureau. It was done and showed 2,056,941 sheets of blank paper and 31,166,600 sheets of printed work in various stages of manufacture, these results agreeing with the official record. The face value of these sheets was \$470,828,732.

The large number of notes returned to the department for redemption and which are canceled, thus necessitating the printing of notes to replace them in circulation, suggested the idea some time ago that many of these notes could be washed and returned to circulation. Investigation developed the fact that at least 30 per cent of these notes were not at all worn, but were simply soiled, and only needed cleansing to make them suitable for use. Experiments have been carried on in a crude way and have demonstrated the practicability of washing the notes, and there are now in process of construction two machines of different principles which it is believed will be very satisfactory for this work.

## Real Estate Transfers

(From the Records of the Orange County Title Company)

November 3, 1911.

DEEDS

Mary Bryant to I. H. Bryant—All right, title and interest in lots 1, 2, 3, block 101 and lots 1, 2, 3, block 109, Huntington Beach; \$10.

J. W. Hayes, trustee to Spencer K. Sewall—Lot 4, block 63, of Arch Beach Heights; \$10.

Same to Mary Isabel Poulin—Lot 5, block 63, Arch Beach Heights; \$10.

Same to Cora A. Norton—Lots 1, 2, 3, block 63, Arch Beach Heights; \$10.

David J. Yorba to J. C. Travis et ux—150 acres near Yorba; \$10.

E. T. Show to L. B. Babbitt—Release chattel mortgage 26-136.

## The Wrong End

"He is very absent-minded. Dozens of times I have seen him trying to scratch a match on the wrong end." "Gee! Is that how he wore his hair off?"

## Why Saloons Should Be Kept Out of the Fifth Supervisorial District

(The following was written in my note book twenty years ago. Perhaps it may be useful in the anti-saloon campaign.—Addie Hull Doerr.)

## SEVEN SORROWS

(Prov. 23: 29-35)

Who hath woe and who hath sorrows, murmuring at the hardness of his fate; who does court remorseful mornings, turning friendship into hate? Who hath babble, who hath quarrels, needless wounds gains every day—wounds of body, wounded morals, soul-wounds draining hope away?

Who, also, hath redness of eyes; who are to dementia a prey? We read in the "Sayings of the Wise" that all of these woes and more have they, who seek strong drink; and he, who thus becomes one of rum's slaves, is like unto a man at sea, lying down in the midst of the waves.

Seven sorrows must enter the drunkard's life. Rum forges chains to bind him fast. Always is babble, followed by wounds and strife, vice, disease, remorse and slavery at last.

If of sorrows the drunkard alone bore all; if into their misery just he were hurled—but ever the burden of sin doth fall on the women and children of the world. These seven sorrows are seven-fold in the crime and disaster they cause. Would you help rum shut a host out of heaven? Let the rum seller, then, make our laws.

## Try It For Lunch

KIPPERED ALBACORE

Delicious, appetizing and economical. All ready to use, or can be prepared with cream gravy.

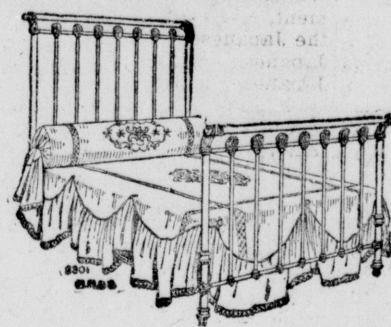

Only 20c per lb.

## The Horton-Spurgeon Co's. Preparedness to Meet all Furniture Demands Was Never Better.

Everybody is looking to their Furniture needs just now. Most everybody is looking to the Horton-Spurgeon Furniture Co. to fill them. And the Horton-Spurgeon Furniture Co. is ready to meet their needs in a larger way than ever before and in a better way than any other store in Orange county.

There's no secret about how we can offer bigger and better values for the money. Our large volume of business reduces profits. One of our special values is High Grade Bed-room Furniture.

### Brass, Wood and Iron Beds

You'll find here almost every style of bed that you could wish for—we can match your wants in the bed line.

Napoleon wood bed, oak, mahogany, birdseye or Circassian walnut all at lowest prices.

A beautiful brass bed, 2-inch posts, at \$13.50.

Brass beds, round or square posts, \$13.50 to \$45.

Thirty styles iron beds, \$2.50 to \$14.50.

## Dressers and Chiffoniers

Genuine mahogany in styles representing various historical periods.

Several styles of Fumed Oak in the plain mission designs.

Dozens of different styles of Birdseye Maple, many of which are distinctively new.

Circassian Walnut, second only to mahogany, and a wood that gives an artistic effect that is unequalled.

Golden Oak in all the new designs.

We have the chiffoniers to match any of the above styles of dressers and also have beds, bedroom rockers, tables, chairs and writing desks to match most of them.

Corner 4th & Spurgeon Sts.

## Cherry Pudding

Soak three cups of stale bread crumbs until soft in milk to cover. Add a teaspoon of salt and a tablespoon of sugar, grated nutmeg to savor, and flour to make a batter sifted with two teaspoons of baking powder. Add three well-beaten eggs and as many cherries as can be put in the batter. Fill buttered tin, leaving room for pudding to rise one-third, steam two and a half hours and serve hot with any sauce preferred.

# Doings In Social and Club Circles

## Miss Child's Paintings

One of the most striking features of the Arts and Crafts Exhibit given last Friday and Saturday at Spurgeon's Hall under the auspices of the Ebell Club and the city schools, was the showing of china painting made by Miss Minnie Childs, recently arrived from the East. The beautiful specimens of art shown by Miss Childs, who was erroneously referred to in the report of Saturday as Miss Miller, are some exhibited at a national exhibit where they received high praise. The pieces are exquisitely done, showing real artistry and a delicacy of taste that is unusual. Miss Childs' work was the cynosure of admiring groups at all times during the Ebell exhibit.

## Sunshine Club

The regular meeting of the Sunshine Club will be held Wednesday, Nov. 8, with Mrs. Clyde Bishop, 1108 French street.

## Heard National Officers

Last Friday evening Miss Emily Cox, superintendent of the Girls' Mission Circle of the First Baptist church, chaperoned a party of girls from the circle to Los Angeles to hear addresses by national officers of the Woman's Baptist Mission Society given in Calvary Baptist church.

The young ladies chaperoned by Miss Cox were the Misses Anna and Lillian Walker, Hulah Clarke, Zella Gully, Florence Rice, Edith Watkins. Mrs. Walker, Mrs. Clark and Mrs. Watkins accompanied the party.

## Coming Wedding

The marriage of two well-known young people, former Santa Anans, Miss Nan Tedford and A. Ray Petty, will take place next Wednesday evening in Los Angeles at the home of Miss Tedford's aunt, Mrs. Lottie Stafford. The early date for the wedding has been decided on because of the presence of the prospective groom's

father, Rev. Petty, in Los Angeles for a short time, and the general wish to have him officiate at the wedding, which was originally set for two months later.

Miss Tedford is the daughter of Mr. and Mrs. Ed Tedford and is held in esteem not only on her account but because of her own high character and accomplishments. Mr. Petty is a native of Santa Ana and has a wide circle of friends here.

## To Live in Los Angeles

Miss Alexander, who for many years has made her home in this city with her sister, Mrs. Dr. J. L. Dryer, has gone to Los Angeles to live. Mr. George Dryer and Miss Katherine Dryer, her nephew and niece have established a home in the City of the Angels, and Miss Alexander will live with them. Mr. Dryer is a young attorney with a growing practice and Miss Dryer is a teacher in the city schools.

Santa Ana suffers a distinct loss in the probably permanent establishment of these young people and Miss Alexander in Los Angeles. They are people of the highest social standing and personal worth, beloved by all who know them.

## Conservatory Musicales

The Orange County Conservatory of Music gave its twenty-third pupils' recital on Saturday afternoon when a few of Mr. Gustlin's piano students presented the following program in his spacious studios.

The work was characterized by a delicacy of tone shading and color, an accuracy of technique and artistic interpretation, features upon which much stress is laid in the work of each individual Conservatory pupil. On account of illness, not all of those who were to play could be present. To make up for these omissions Mr. Gustlin volunteered a Liszt number at the close which was much enjoyed by all present.

Czerny—Octave Etude.  
Beethoven—Für Elise.  
Miss Carol Van Cleave  
Tchaikovsky—Reverie.  
Miss Maybelle Shaffer  
Henselt—Cradle Song.  
Miss Eva Martin  
Scharwenka—Polish Dance.  
Miss Helen McKean  
Mendelssohn—Song Without Words No. 14.

Miss Cora Siefert  
Moskowski—Serenade.  
Miss Stella Jessup.  
Primi—Crepuscule.  
Miss Hazel Stockslager  
Tchaikovsky—Song Without Words.  
Mr. Earl Fraser  
Godard—Roses d'Avril Valse.  
Miss Stella Jessup  
Gounod—Funeral March of a Marionette.

## Japanese Entertainment

More than a passing mention of the recent celebration in Santa Ana of the Emperor of Japan's sixtieth birthday by the local Japanese, should be made, as the entertainment given at the Temple Theater was not only unique but of unusual merit.

Among other things there were two excellent addresses given in English by Japanese, and as the portrait of the Emperor was unveiled, the birthday proclamation was first given in Japanese by Rev. Fujita and then in English. An address by Rev. C. H. Seecombe on the amicable relations between Americans and Japanese, and on what the Emperor's birthday meant to his loyal subjects was translated into Japanese.

There are many unspeakably absurd methods of breathing taught by teachers who do not pause to reason as to whether what they teach to others is really sane and logical or not. The right principle of breathing and breath control is so simple and reasonable, however, that a child can understand it.

A few easy exercises practiced daily for a short time serve to create the correct habit and to soon render a masterful and unconscious control of the breath. We are going to explain these exercises later on and would say here that they will be valuable to you even though you are not aiming to become a singer. Practiced daily and not to excess they are excellent for resting tired nerves and generally restoring the system with oxygen.

504½ N. Main St. Phone Main 214

The sword dances performed in native costume were all patriotic, and were marvelous. They were intensely exciting, especially to the Japanese who occasionally gave vent to their feeling in cheers and exclamations. One of the interesting features of the afternoon was the giving of banzaïs for the Emperor and President Taft and the singing of the Japanese national hymn and "America," significant of friendliness. The play that was presented was written and staged by Rev. Fujita. It was both clever and well played.

The Japanese fireworks given during intermission were really wonderful and were greatly enjoyed by the spectators. Following the entertainment, refreshments were served by the Japanese hosts, a decorated box of Japanese candy, each box bearing a Japanese sentiment, was given to each guest. The scrupulous courtesy of the reception committee and of the ushers was a matter of favorable comment among the visitors.

## Entertained Friends

Sunday afternoon, Nov. 5, Mrs. Springsted entertained her friends, Miss Lily Eyer and Miss Beverly W. Kins, formerly of Miltonvale, Kas., at the home of her uncle and aunt, Mr. and Mrs. J. D. Brooks, 1327 North Broadway.

Teachers-Parents Meeting  
The Parent-Teachers' Association of Roosevelt School will meet there tomorrow afternoon at 3:30. Physical culture will be presented with papers by Prof. Phillips and Mrs. Bruner. Other exercises, including singing, discussions, and a question box will take place.

## PRIZES IN "MUM" SHOW

Mrs. W. T. Kirven Wins Three Awards in Exhibit of Chrysanthemums

The prize winners in the Chrysanthemum show of Friday and Saturday at Spurgeon's hall were as follows: For largest and best display of chrysanthemum, Mrs. W. T. Kirven, \$5; second largest and best display, Mrs. M. B. Patton, \$2.50; best specimen of white, Mrs. W. T. Kirven, \$1; best pink, Mrs. W. T. Kirven, \$1; best yellow, Miss Blanche Minter, \$1. Judges in the adult contest were Mrs. Rutan, Mrs. Briggs and Hazel Thomas.

For the most artistic arrangement of chrysanthemums, Miss Lois Tedford, \$2.50. Miss Tedford's flowers were copper colored and were arranged in a hammered brass jardiniere. Mrs. A. R. Rowley was the judge.

In the school children's display the following awards were made: Largest and best display, Alpha Henry, \$2.50; second largest and best, Marguerite Tedford, \$1.50; best white, Lucille Miller, \$1; best red, James Scudder, \$1; best tan, Dorothy Thacker, \$1; best pink, Marguerite Tedford, \$1; best two-colored, James Scudder, \$1; best yellow, Lucille Miller, \$1. Judges on these awards were Miss Gowdy, Miss Thompson, Miss Wilson.

The show was a splendid success educationally and in point of floral display, the real objects for which it was given. Financially, it yielded a net sum of about \$50.

## P. E. O. Meeting

The members of the P. E. O. were entertained Saturday by Miss Ina Collins. Two papers on the folk lore of Holland and Switzerland were given by Mrs. Carl Strook and Mrs. John Tubbs.

Charity work for Christmas was a fruitful theme of discussion. The enjoyment of daily refreshments closed the pleasant meeting.

## "Y" Meeting

The "Y's" will meet tomorrow night at the home of Mrs. J. N. Anderson, 501 Wellington avenue. The little playlet, "The Doctor's Day Off," which has been under rehearsal for some time, will be given at this meeting.

A discussion of "Alcohol in Medicine" will take place during the evening. All young people are cordially invited to be present.

## Watched the Desert Racers

Herndon Todd was host on Saturday night at the Todd home on North Main street, inviting a number of his

At the level of the sea 100 cubic inches of air weigh 31 grains.

## Here's a Tip

—This year, don't buy an unclassified, plebeian overcoat that smacks of the factory—buy one of our \$15, \$20 or \$25 overcoats and have that much be-sought "gentleman's air."

—In our stock of overcoats you see superb assortments of sharply, classified styles—a splendid array of fabrics made up in styles "just" right for the wearer.

—Drop in and try one on.

**VANDERMAST & SON**  
110 East Fourth St.

young friends to join him in watching the autos in the Los Angeles-Phoenix desert race, pass through Santa Ana. They whiffed away the intervening hours with a "weenie" bake in the back yard, an apple roast, the enjoyment of pop corn, candy, the playing of games, joy rides and music.

There were about twenty in the party and a jolly party it was. Mrs. Todd chaperoned.

## Personals

Mr. and Mrs. F. H. Chaney of Colorado Springs, who are in Southern California for the winter, are visiting relatives here this week. They came down from the city last evening.

Mrs. Frank Harris was a Los Angeles visitor today.

W. L. Grant was a passenger on the 3:35 Los Angeles car this morning.

Miss Robbie Jones and a party of friends spent today in Los Angeles.

Mrs. George Ford was a forenoon visitor to the Angel City.

Mr. and Mrs. Frank McQuigg of Long Beach spent Sunday with Mr. and Mrs. F. W. Fuller.

Mr. and Mrs. D. H. Duncan leave Tuesday morning for Glendale, Arizona to spend the winter with their daughter, Mrs. J. P. Graham.

Mrs. W. Funk and her daughter Rose, arrived from St. Paul and are visiting with their relatives, Mr. and Mrs. J. F. E. Meyer. The visitors will spend the winter in Southern California.

Miss Verna Peterson was in Colton all of last week in the high school substituting for one of the teachers who was ill.

Grady Clardy, accompanied by Roy Peal, who is his room-mate at U. S. C., spent Sunday at the home of his parents on West Washington street.

Mrs. Maud Hammon of South Pasadena, has been spending a few days at the Segerstrom home.

Miss Pauline Parsons is on her way home to Santa Ana after a four months' visit in the east with friends and relatives.

G. C. Roy was a morning passenger to Los Angeles today.

Mrs. E. S. Baker and Miss Baker were city visitors today.

Mr. Harvey E. Harper leaves today via the Sunset route for San Antonio, Texas, to investigate a tract of land with a view of locating there permanently.

Mr. S. D. Schaich and wife who have been visiting Mr. Schaich's sister, Mrs. M. M. Heath at 708 East Fifth street, left Saturday for their home in El Dorado Springs, Mo., via the El Paso Rock Island route.

Mr. Otto L. Oleson leaves today for his old home at Colorado Springs via the Southern Pacific Ogden route, investigating property at Stockton, Cal., en route.

\$100 Reward, \$100  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75c.  
Take Hall's Family Pills for constipation.

After the Facts  
As a small boy was standing on one of the best library chairs and clanging with his grubby hands some of the choicest bindings in the bookcase, his progenitor entered suddenly and cried rather sharply: "What are you doing at that bookcase, Wilfred?"

## MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Biliousness, Sluggish Liver or Bowels Or a Sick, Sour Stomach

—No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets, and quickly, too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear mind for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little intestines need a good, gentle cleansing, too.

Beginners' Spanish Class  
I will organize a beginners' class in Spanish, Tuesday, Nov. 7, at 8 p.m., at my home, 329 West Tenth. Tuition, \$3.00 per month in advance. Business people and clerks especially should know Spanish. It is easily learned and a very attractive language. Mrs. Olive Lopez.

## Barber Shop Changes Hands

W. G. Osburn and W. P. Smith have bought the barber shop at 312 East Fourth street and in future it will be known as the Iowa barber shop. A new front has been put in and a complete new outfit of chairs installed. A bathroom entirely new has been added and a shoe shining stand in front makes the shop complete in its appointments. This is one of the oldest established shops in the city and was for many years conducted by J. B. Cox.

## Death of E. G. Cooper

News has been received here of the death of E. G. Cooper, former manager of the Allerton Hotel. His death took place in Chicago week before last from pneumonia.

Mrs. Cooper wrote to a relative of her husband's living here. She will return to her mother's home in one of the northern middle west states.

## Pancake Pudding

Sift a three-quarter cup flour into a basin, add half teaspoon of salt, 2 well-beaten eggs, half a pint of milk and one tablespoon of melted butter. Melt 2 tablespoons of butter in a small frying pan. When very hot pour in the mixture and keep moving the pan all it has set for the under side. Turn it quickly with a broad knife or turner, cook 1 minute over the fire, then put the pan into a hot oven for 10 minutes. It will puff up. Put a spoonful of preserves in the center, roll up and serve on a hot dish.

## Doing His Share

"I suppose," said the helpless father, "you have assured my daughter that you will grant her every wish." "No," replied Baron Fucash. "I will not misrepresent my financial resources. But I will do my best to be of service." "In what way?" "I will help her to wish."

## DIED

CLEWS—Sunday evening, November 5, 1911, James Clews, aged 79 years. —Funeral Wednesday, Nov. 8, 1911, 2 o'clock in the S. W. Smith & Son funeral chapel.

BAUER—At the home of her parents, Mr. and Mrs. M. D. Haydon, in New Hope, Monday, Nov. 6, 1911, Mildred Bauer, aged 11 years. —Funeral at 2 o'clock from the residence, Tuesday afternoon.

## HOW TO GET WATER WHERE IT WILL DO MOST GOOD

The first care of the orchard irrigator is to get water deeply into the soil without flooding or puddling the surface. It is not after all so much a matter of the number of inches used as the deep diffusion of the water through the soil to the full depth of the natural rooting of the tree. In this dry climate, if the first two or three feet of the soil are quickly saturated with water, perhaps sufficient for six feet of healthy moisture, and then irrigation is stopped, the rapid evaporation from the surface soil will promptly arrest the downward seepage and the capillarity will be upward, so that none will go into the subsoil. The subsoil will then gradually dry out and harden and each repetition of this operation will aggravate the subsoil conditions until a hardpan is formed into which the water will not seep readily. This results in the lower roots of the tree being encased in hard, dry soil to become inactive or even die.

Another evil of this condition is that at each irrigation the air is driven out of the upper soil so that the roots in it are smothered, followed by such evils as gum disease, die-back, paling foliage and fruit dropping, for we see the tree unable to

obtain sufficient water to properly dilute the food elaborated in the leaves, or keep it in proper solution for distribution throughout the tree, and carry it to the roots for the work of root extension and mineral solution. All attempts to remedy this by the application of manures and mulch to supply dissolvents, or such delicately soluble salts as nitrates to stimulate the solution, are only temporarily beneficial and in the long run bring on the greater complications.

Few irrigators know much about how water acts in the soil, as they only see the surface and warrant the criticism of Wilcox in his Irrigation Farming that "unskilled labor has a penalty of twenty-five to fifty per cent attached to it in the application of water and unfortunately this class is too prevalent in the irrigation fields." One of the mistakes often observed on heavy soils is the running of five or six furrows between each row of trees, whereas three or four are sufficient. The furrows should be no nearer than sufficient to allow the water of each to sink independently, fanning out to meet below if streams are so close that they mingle in their downward course a foot or two below the surface they cause a puddling of the soil and consequent driving up of air, which in a short time arrests the downward action of the water, making it seep more and more slowly, until a practical standstill occurs. The result is generally hardpan.

As irrigation is usually practiced but one way through the orchard, a deep subsoil track or tunnel should be run half way between the trees transversely the streams. This can be done with a small tool in a subsoil plow shank big enough to make a track about the size of a gopher run at a depth of fifteen to twenty inches. The benefits accomplished by this are the dissemination of water all around the trees, the more rapid spreading of the water without driving out the air, as in the deep furrow, and the carrying of the air deep down into the soil, thus assisting irrigation. This may be objected to as a root pruning operation, which it certainly is, and on this account it is not practiced in all seasons. This is to be regretted because it is a great advantage to irrigation.—E. J. Wickson in Northwest Pacific Farmer.

Vanity of Roman Emperor  
The Emperor Augustus robbed February of a day, and put... on to August, so that the month named after him should not be lacking in dignity.

## YOU CAN BE WELL

Bounding health is your right—and you can have it if you go about building up your system in a common-sense way. When one organ is run down, the whole system is thrown out of harmony, and chronic disorders, such as constipation, liver, kidney and stomach troubles, catarrh, rheumatism, female complaints, nervous weakness and general debility—quickly manifest themselves.

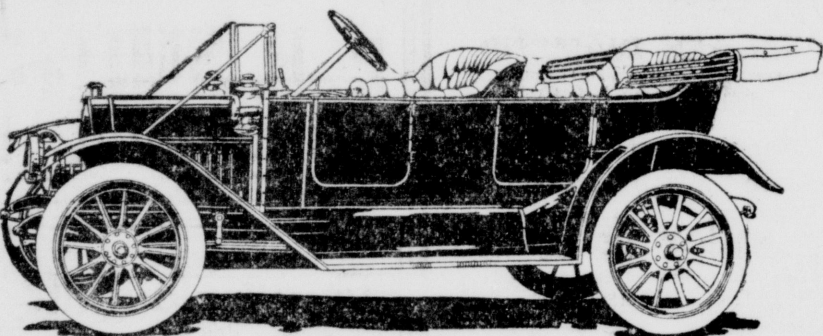

## BRACKETT'S SYSTEM BUILDER

goes to the source of bodily weakness—the blood. It purifies it and sends vitalizing nourishment to every organ of the body. It makes your liver and kidneys work as nature intended—increases your capacity for mental and physical labor—restores to every organ of your body to natural—normal condition.

## Buick Automobiles QUALITY and PERFORMANCE

## HILL'S CORNER

Most everybody knows that we carry in stock a large assortment of roofing material and we want the other fellow to know it, because we want to sell the goods and there are many people that ought to buy it and put it where it would "do the most good" before the rainy season gets in its work.

For the barn and other out buildings there is nothing else to be compared with

### CORRUGATED GALVANIZED IRON

and it is about as cheap (in price) as anything that can be put on.

We have the "Rubberoid" roofing (which is the best of the felt roofing material) and several kinds that are cheaper and lower priced, but galvanized iron beats every other thing for plain roofs where there is pitch enough to carry the water.

For anything in HARDWARE see

## S. HILL & SON

## BREAKS A COLD IN JUST A FEW HOURS

Says Quinine Isn't Effective in the Cure of Colds and Grippe

—Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

## COST OF LIVING BOTHERS EUROPE

France Tackles Puzzle in Really Practical Way—Municipal Supply Shops

LONDON, Nov. 6.—The critical conditions created throughout Europe by the increased cost of living are pressing the governments to action. In England the example set by the United States is to be followed and the government will appoint a board of trade commission to inquire into the whole subject.

In Austria the work of the parliamentary commission already engaged in this matter is being speeded up, and in Germany the recent debate in the Reichstag is expected to have a sequel which will force the imperial administration in some measure to modify its indifferent attitude.

It has been left to France to initiate measures designed to exercise a direct effect on the problem that confronts the governments of nearly all the great powers. The French cabinet has introduced a bill which will place municipal authorities in position to exercise effective control on the price of the necessities of life.

### A Wonderful Clock

A very interesting electrical clock was exhibited at a recent American exposition. This clock is different from the ordinary in having no hands. Minutes are indicated by means of a 60 radial rows of light, each containing 32 electrical globes. The hours are indicated by shorter rows of colored lights. In place of the hands, two lines of lights sweep over the face of the dial, one indicating minutes and the other hours. Each second the illumination in an outer circle of lights move forward one lamp, and when an entire circle has been completed, the row of minute lights is advanced one interval. The hour hand moves at five minute intervals. The dial is formed on the face of a huge pendulum, which swings to and fro over an arc of 15 feet. The pendulum is 8 feet long, and its weight, with the 5485 lamps and 11,000 connections required, is 8000 pounds. Over a mile of wire was used in making the connections of the clock.

### ADVANTAGES OF A CHECKING ACCOUNT

In the regular course of business the depositor receives checks on many banks.

It is not necessary for him to present these checks for payment at the banks on which drawn, but he may deposit them here, and this bank collects them for him through the Clearing House, without charge, and credits them to his account.

Checks on out-of-town banks may be deposited in the same way, for collection.

## THE FOUNDATION OF SUCCESS

To be genuinely successful a bank must consider the interests of its patrons as thoroughly as it does its own.

Upon this principle the Santa Ana Savings Bank renders its service to the public, and the fact that it has steadily grown ever since its establishment, both in volume of business and the confidence of the public, proves the high esteem in which it is held in this vicinity.

New accounts, both large and small, are invited.

## SANER VIEWS OF BAPTISM NOW HELD

Baptism Not a Fire Insurance, Says Pastor Russell.

Pastor Russell Repudiates the Theories of the Dark Ages and Advises God's People to Return to the Teachings of the Lord and the Apostles.

LONDON TABERNACLE, Lancashire Gate W., Nov. 5.—"We have done those things which we ought not to have done, and we have left undone those things which we ought to have done." All agree to this and agree also that "we have believed many things which we ought not to have believed and have left unbelieved many things which we ought to have believed," said Pastor Russell.

**Saner Views Now Held**  
Christian disciples still theoretically say that everybody not immersed in water is still in sin and bound for eternal torture, although this is not the logic of their teachings. Our Baptist friends no longer believe that only those who have been immersed in water constitute the one "Church of the living God whose names are written in heaven," and that these alone will be saved. Nevertheless, this is still the Baptist theory, and for this reason our Baptist friends still invite only the immersed to the Lord's Supper. Evidently the Apostolic teaching of baptism got lost. Human speculation and theories buried it in rubbish. In Ter tullian's day the disciple view prevailed, that water baptism cleansed from sin. At that time it was customary to postpone baptism until death was supposed to be near—that all sin up to date might be washed away. Thus it was in Constantine's day. Later came St. Augustine with a different proposition, which swept everything before it. His claim was more nearly that of the Baptists, that only the Church would be saved from eternal torture and that baptism was the door into the Church. Thereafter in fact immersion became popular.

Later our Roman Catholic friends declared immersion unnecessary—that a few drops of water would be equally efficacious as protection against the fires of eternal torture. Sentiment ran so strong that it became the custom to perform a sprinkling of an unborn child—in utero—if there were any fear that it would not be born alive.

**"John's Baptism" Not For Us**  
Repudiating all the theories of the Dark Ages, God's people should return to the instructions given by the Lord and the Apostles. A careful examination shows not a single reference to infant baptism in the New Testament. On the contrary, only believers were instructed to be baptized.

Two baptisms are noted, "John's Baptism" and Christ's. The first was for the remission of sins and was applicable to all Jews. By it such Jews as had been living in open sin renounced the sin, and returned to God with God, under the Law Covenant. Such as thus sincerely returned to Moses were ready to accept Christ as the antitype and by faith were transferred from Moses to Christ—from the house of servants to the house of sons. (Heb. iii, 5, 6.) These at Pentecost became really, officially recognized as the Church of Christ.

Subsequently Gentiles were invited to be baptized into membership in the Body of Christ, the Church. "John's Baptism" was not preached to them because they did not belong to the holy nation which originally was "baptized into Moses in the sea and cloud." The Gentiles, on the contrary, were aliens, strangers, to the commonwealth of Israel. They were not to come into Christ, through Moses, but to be baptized directly into Christ.

**Gentiles Baptized Into Christ**  
The true theory of baptism does not exclude saintly Methodists, Presbyterians, Congregationalists, Lutherans, Catholics, from the one, true Church which is the Body of Christ; neither does it admit to membership in the true Church all who have been immersed into water. Water immersion is merely the symbol or picture of the real immersion. In order to be members of Christ, members of the Church which is the Body of Christ, we must be immersed into Him, not by water immersion. Hearken to the Apostle's statement: "So many of you as were baptized into Jesus Christ (into membership in His Body, the Church) were immersed into His death." (Romans vi, 3.)

Our immersion into Christ's death begins with the consecration of our wills, our hearts, our all. Then and there God through Christ accepts the consecration and we are reckoned dead according to the flesh and begotten of the Holy Spirit to newness of life as New Creatures in Christ. When the last member of this consecrated "little flock" shall have passed into death the baptism of the Church into Christ's death will be completed and all the faithful ones will then share in "His resurrection" to glory, honor and immortality—"the first (or chief) resurrection."

"His death" was different from the death of others in that He did not die as a "sinner, but as a Sacrifice." Our being baptized into His death signifies that the Church also, not as sinners, but as sacrifices.

## LEGAL NOTICES

**NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE**  
Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 4th day of August, 1911, in the matter of Henry Bairdon, deceased, the undersigned administrator of said estate will sell at private sale to the highest bidder subject to confirmation by said Superior Court on Tuesday the 21st day of November, 1911, at 10 o'clock a. m., or thereafter at the residence of the said administrator, 1019 North Main street in the city of Santa Ana in the said County of Orange, all those certain pieces or parcels of land and premises, situated lying and being in the County of Orange, State of California, bounded and more particularly described as follows, to-wit:

Parcel 1. The west one-half of the southeast quarter of the southeast quarter of section 20, township 5 south, range 10 west, S. B. B. and M. reserving therefrom for roads, railroads and ditches a strip of land 30 feet wide along adjoining and on each side of the township and section lines and a strip of land 20 feet wide, along adjoining and on each side of the quarter section lines, also reserving the use and control of ditches and natural streams at water, if any, naturally upon, flowing across into and by said land, also a right of way for and to construct irrigation or drainage ditches through said land to irrigate or drain the adjacent land.

Parcel 2. An undivided one-half interest in the north one-half of the southeast quarter of the southeast quarter of section 20, township 5 south, range 10 west, S. B. B. and M., subject to the usual Stewarts-Kearney Company's reservations for roads, railroads and ditches as set out in that certain deed made by Sarah J. Graham to said Henry Bairdon, recorded in Book 16 of records at page 356 records of said Orange County.

Parcel 3. An undivided one-half interest in those certain lots situated in and being in the city of Santa Ana and said County of Orange, bounded and more particularly described as lots two, six, eight and seven and the east seven-tenths of lot three in block "A" of the Goldsmith Addition to the said city of Santa Ana.

Also those certain pieces or parcels of land situated lying and being in the County of Kern, State of California, bounded and more particularly described as the southeast quarter of the southeast quarter of section 26 and the east one-half of the northeast quarter and the southwest quarter of the northeast quarter of section 25 of said township 10 north of range 21 west S. B. M.

Terms and conditions of sales to be as follows: The whole of the purchase money for the lastly above described land to be paid at the time of closing the sale therefor and not less than one-third of the purchase money of the three first above described parcels of land to be paid at the time of closing the sales therefor and the deferred payments to be secured by the promissory notes of the purchaser with a mortgage on the property to secure their payment.

CHARLES W. BOWERS, Administrator of the estate of Henry Bairdon, deceased.  
Dated November 6, 1911.  
JOHN N. ANDERSON, Attorney for said Administrator.

**LOS ANGELES PRODUCE MARKET**  
Receipts were light, with corresponding demand yesterday, except in the case of potatoes, of which nearly 1000 sacks more were received than came in Thursday. No changes were made in current butter prices and bids were slow. Receipts were 22,268 pounds. Cheese receipts were 493 pounds. Domestic Swiss were in best call. Egg arrivals were fifty-four cases.

Sweet potato receipts were fifty-two sacks. They were in fair demand on the market at \$1.75 per hundred weight. Irish potatoes, although not greatly in demand, still hold firm at \$1.75 to \$2.10 a sack, Salinas going at \$2.10.

Apple receipts were 11,153 boxes, the quality of the fruit being good. Bellefonte sold at \$1 per box, and the best Jonathans at \$1.60. Onion receipts were 1222 sacks, silverskins selling on the market at 50 cents a lug box.

There was a plentiful supply of green vegetables excepting beans, corn and eggplant. Beans sold at 3 1/2 cents, and eggplant at 2 cents a pound while corn was in good demand at 65 cents a box. Cabbage, for which the demand was light, sold at from 75 cents to \$1 a sack, cauliflower at \$1.35 per crate, celery at \$1.75 and lettuce at \$1 a crate.

Cucumbers and tomatoes were not so plentiful, cucumbers bringing from 50 cents to 65 cents per lug box and tomatoes being in good demand at 40 and 50 cents per box. Peaches and pears also were scarce, the best Salway peaches selling at \$1.50 a box and pears at 6 cents a pound, straight.

The market was almost glutted with grapes of all varieties, but the demand was good and prices were steady. Cornichons sold for 95 cents to \$1, Muscats for \$1 to \$1.10, and Tokays for \$1.25 per lug box.

Egg receipts were light, the best Spanish variety selling at 90 cents per fourteen-pound box, with heavy demands. Cranberries remained firm at from \$9.50 to \$10 per barrel. Quinces were plentiful at \$1 per box. Casabias were cheap and the quality excellent.

**Public Announcement**  
I desire to announce that the law business formerly conducted by Montgomery & Tarver will be continued by me at the same office and I will endeavor to deserve the continued confidence and patronage of clients of the old firm.

## AT THE COURT HOUSE

HOLYLAND SAW  
WINN KILLED

Neighbor of Overacker Is Witness  
Against Him—  
Tells of Arrest

This morning Frank Holyland told the story of the shooting of Gustavus A. Winn at Newport on Jan. 13, 1910. Holyland lived west of S. H. Overacker's place and Winn lived south. Overacker had had trouble with Holyland over a dyke a few days before Overacker shot Winn to death.

Holyland said that Winn called to him and told him that Overacker had gone to the house after a gun. Holyland saw Winn go to the field. He saw Overacker run from the dike on Winn's place to the fence. He saw Overacker fire three shots, two of them after Winn had turned to run. He saw no gun in Winn's hand, nothing but a shovel which was dropped when the first shot was fired.

Holyland received a severe cross-examination from Attorney Rush for the defense. The fact that Holyland had caused Overacker's arrest for threatening him with a rifle was brought out. The charge was still pending when Overacker killed Winn.

**Condemnation Suit.**  
Suit to condemn a strip of 1.12 acres was begun today by the Southern Pacific Co. against Otis B. Bridgeford. The land lies on the Southern Pacific between Santa Ana and Newport Beach, and the land is supposed to be wanted for a sugar beet dump. The court is asked to set a price on the land and ordered that it be condemned for railroad purposes. J. W. McEdley is attorney for the plaintiff.

**Two Petitions Filed.**  
Two petitions for letters of administration were filed this morning. A. W. Shonlee asks for letters on the estate of Maggie M. Shonlee, who died on Sept. 23, leaving three children and an estate of \$2,000. Mattie Krebs petitions for letters on the estate of Edward H. Krebs, who died at San Juan Capistrano on Sept. 11, leaving an estate worth \$1,000. Watkins & Blodgett are attorneys for Mrs. Krebs and J. N. Anderson for Shonlee.

**Asks for Road.**  
H. L. Wakeham and others have petitioned the Board of Supervisors for a road at Old Newport, the road to commence at the northeast corner of a five-acre piece owned by Mrs. E. S. Wakeham and continue west to the Newport road, a distance of 3600 feet.

**Bill of Exceptions.**  
A bill of exceptions was filed today by Attorneys Daniel & Daniel for the estate of Daniel W. Thomas in the appeal of the estate from the order of the superior court allowing Mrs. Jennie C. Thomas, widow of Daniel H. a homestead upon the property at the northwest corner of Main and Sixth

streets.

**Marriage Licenses.**  
Frank F. Holmes, 46, and Annie T. Mooney, 45; Frank R. Dominguez, 29, and Carmen Feliz, 46; Frederick T. Smith, 29, and Jennie Bates, 18, all of Los Angeles.

## TIME TO KNOW THIS

What HEM-ROID Will Do for Any Woman With Piles

Many a woman drags along a life of misery with piles because she does not know of HEM-ROID, the sugar-coated tablet remedy that cures any kind of piles by restoring good circulation of blood in the swollen, clogged parts.

HEM-ROID is sold under a guarantee of satisfaction by Rowley Drug Co. and all druggists. \$1 for 24 days' treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y., mails a free booklet describing it.

## Cage Submarine

**Best Ever, Says Admiral.**  
LONG BEACH, Nov. 6.—The Cage submarine boat, to be built at the Craig shipyards here, is prophesied by Admiral Thomas as bound to supersede all other submarines. The Cage model was tried out last summer at Balboa, on Newport Bay.

HE MAY HAVE  
KILLED SELF

Probably with suicidal intent, Yohzo Kuriyama, a Japanese laborer, at 1:30 o'clock today swallowed a drug and died. The indications are that strychnine was used.

One man has been here a week, and was camped with other Japanese at the Matthews walnut orchard on Fourth street. This afternoon a physician was called by the other Japanese, but when the physician arrived the man was dead. From the rigidity of the body it was guessed that the man had taken strychnine.

PLAYHOUSE BAR ABOLISHED  
FOR SAKE OF LADIES

WASHINGTON, Nov. 6.—The playhouse, an institution run by Preston Gibson, millionaire clubman, and members of the diplomatic set as bondholders, has decided to abolish strong drink and therefore has eliminated the bar. Instead of the bar the managers have made arrangements for after-play dinner parties, teas and dances. The men running the playhouse have abolished the bar out of deference to the women of the social set who are now expected to more freely patronize the institution, whose plays are written and acted occasionally by men and women of the diplomatic corps, assisted by local American talent.

A BACK DATE

Los Angeles Broker Is to Be  
Arrested for Hunting  
Illegally

Harry A. Cole, a Los Angeles broker, is in bad with the Game Commission and the game laws, and he will probably have to look into the muzzle-end of a fine. He is charged with hunting without a license.

Deputy Commissioner Robinson visited the West Shore Gun Club a few days ago, and found Cole hunting. Cole said he had a license but had forgotten it. Robinson told him that he would not stop his hunting that day, but as proof asked that Cole stop at the office of the commission in Los Angeles the next day and show his license. Cole agreed to do so.

The next day Cole showed a license dated back a few days. The commission learned that the license was dated further back than it was sold. With that fact in mind, Deputy Robinson swore to a complaint here this morning charging Cole with hunting without a license.

There is a probability that some arrests will be made in the ducklands soon for shooting before the half-hour before sunrise. Investigation shows that there are a good many scattering shots from the clubs and the roads, with the largest number of offenders among the clubs.

**Audience Limited.**  
Robert Anthony, exor for the I. W. W., will have no one but prisoners in the county jail as an audience for the next thirty days. Anthony was arrested on the railroad reservation Saturday night as he was defacing a number of destination cards on freight cars. He wrote such as this: "We won't work over eight hours a day after the first of May." When taken before Justice Cox this morning he said he was preacher for the I. W. W. He said he spoke often on the streets.

"You can preach in the county jail for the next thirty days," said the justice.

**Peace Disturber.**  
Felix Martinez is in jail on a charge of disturbing the peace. He was taken from 1026 Lincoln street by city police. The man was intoxicated and making himself generally disagreeable.

**Promised to Beat It.**  
One finger off and one heel gone, W. F. Mullen, a traveling printer, was in Justice Cox's court this morning. He was there because Constable Squires arrested him Saturday afternoon. Mullen was staggering drunk when he was arrested. He was given a floater, and he promised to "beat it."

--IS SENT TO JAIL

Daniel Fleming Committed to  
Sheriff's Care in Fourth  
Week of Trial

REDDING, Cal., Nov. 6.—Daniel Fleming, the Oakland station policeman on trial for the alleged murder of George Vallier, of Tacoma, was committed this morning to the custody of the sheriff for the remainder of the trial. Fleming was holding his liberty on a \$25,000 bail bond allowed him by the Appellate Court.

Judge Barber would give no reason for his action in remanding the prisoner to the sheriff other than he is exercising the discretion allowed him by the law. He instructed the jury to disregard the fact of the commitment. The defense interposed many exceptions to the court's order, after the trial had gone so long. This is the first day of the fifth week of the trial.

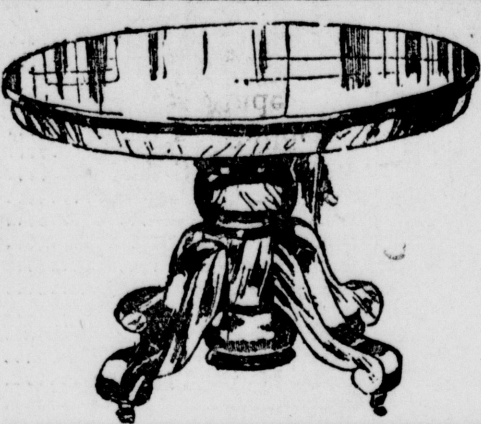

AVOIDED MOTORCYCLE  
ACCIDENT BY JUMPING

SAN JOSE, Nov. 6.—Joe Wolters of Chicago threw himself from a motorcycle travelling ninety miles an hour on which the control had become loosened yesterday to prevent a worse accident on the turn. He escaped with a badly bruised knee and lacerated forehead. Wolters rode a mile in 45 seconds flat, four seconds faster than a mile has ever been ridden on a flat dirt track.

## The Spirit of Thanksgiving

Is now abroad in the land. Already the Thanksgiving Dinner is being planned. Naturally you want your dining room to look its best. That means in most homes something new in DINING ROOM FURNITURE.
